

If you are having trouble with MyActiveCenter:

Ensure you are clicking on the Winter Events. Clicking on the Fall Classes ( ie December) will add the Fall class to your shopping cart

If you click on the first date of the series and it does not add the classes **try clicking the second date** instead. The dates will turn green and appear at the top of the page for you to confirm to register. You must click on the Register button to confirm otherwise the classes will not move to the shopping cart.

The screenshot shows a web page for the South East Edmonton Seniors Association (SEESA). The main heading is 'Fit For Your Life Mon' with a price tag of '\$65'. The class details include '10:30 am - 11:30 am 1 hour' and 'Health & Fitness'. A note states: 'If floor exercises are not for you then this class is!'. Below this is a calendar for January 2018 with dates from Mon 1/8 to Mon 3/26. A 'Register' button is circled in red. To the right, a 'Series' section lists two series: 'Fit For Your Life Sep 25th, 2017 to Dec 1' and 'Fit For Your Life 2018 Jan 8th, 2018 to Mar 26'. A 'SCHEDULE' box explains: 'This activity has been grouped into series. Upcoming dates in the same series will be automatically selected (series require that you register for all upcoming dates in the series)'. At the bottom, there are navigation options for 'month', 'week', and arrows.
