Clients pay the snow shoveler directly as per this signed service agreement.

All operating procedures will be in agreement with the list below:

- The Client is responsible for clearing snowfall 1.5 inches or less unless otherwise arranged in your service agreement. This will avoid multiple charges for clearing traces of snow when paying by the job.
- Fees for service will be based on area(s) to be cleared as per your service agreement: city sidewalk, front sidewalk and steps up to front door, sidewalk to back door, driveway etc.
- Clients can expect that snow clearing may not start until after the snowfall stops except when there is an exceptionally heavy snowfall over an extended time.
- Clients should phone the shoveler if the sidewalk has not been cleared within 48 hours of the last snowfall.
- Should the client or someone other than the shoveler clear the sidewalk, please call the shoveler and advise him/her as soon as possible.

- Clients will provide sand or icemelt to be used on sidewalks in icy conditions. Free pebbles are available to SEESA members outside the centre's south doors. Free sand is also available in green boxes near community league buildings. Bring a container.
- While the intention of this program is to provide an affordable snow removal service, it may also be an opportunity to encourage youth snow shovelers to develop a positive work ethic.
- In the event that someone has an accident on the customer's property due to snow or ice etc., it is understood that the snow shoveler (s) named on this agreement and all agents will not be held accountable and accepts no liability. If a snow shoveler gets injured or has an accident on the client's property, the client does not accept liability.
