

Snow Shovelling for Seniors

We live in Kenilworth. Our kids are eager to help our

seniors as the winter months approach. With support of South East Edmonton Senior Association (SEESA) we would like to offer you our snow shovelling service.

We as parents would meet with you and sign a service agreement. We would also do quality control and ensure every job gets done. We will also sand slippery walks or apply your ice melt in the hopes of preventing falls.

If you are a low income senior please call Alberta Seniors Benefit at 780.644.9992 to see if you qualify for a \$100 a month subsidy.

SEESA is an activity centre for older adults. For more information, please call 780.468.1985.
